Super Maxx® Heavy Duty

Super Maxx® Heavy Duty

6.0 | 7.0 m hydraulic folding
7-rows

The new Super Maxx® Heavy Duty (HD) has been specially developed for large farms and contractors who require a powerful, strong and precise cultivator.

- Hydraulic depth adjustment as standard – adjustable directly from the tractor cab is easy and precise
- Optional hydraulically adjustable harrow – for optimal adjustment to different soil conditions and working intensities.
- Up to eight gauge wheels for a precise depth control across the entire working width – for consistent results even under changing conditions.

Technical data

The new cultivator combines the unsurpassed advantages of the classic SuperMaxx® Bio with a heavy cultivator.

Thanks to its solid construction, robust steering rod for depth adjustment, and up to eight gauge wheels for excellent contour adaptation, the cultivator is suitable for the toughest conditions and high area performancen.

Precision meets professionalism

The Super Maxx® HD combines throughput, precision, and durability - it is the ideal solution for farms with the highest demands and maximum utilisation.

A key advantage

The rear gauge wheels can be easily removed.
